E

<http://www.chembio.com/>

Chembio Diagnostics develops, manufactures, licenses and markets point-of-care (POC) diagnostic tests and technology for the detection of infectious diseases.

Chemonics International

I, E

<http://www.chemonics.com/>

Chemonics is an international development consulting company that helps governments, businesses, civil society groups, and communities promote meaningful change so people can live healthier, more productive, and more independent lives.

CORE Group

I, E

<http://www.coregroup.org/>

CORE Group's mission is to generate collaborative action and learning to improve and expand community-focused public health practices for underserved populations around the world.

DHHS/NIH/NICHD

E

<http://www.nichd.nih.gov/>

The NICHD, established by congress in 1962, conducts and supports research on topics related to the health of children, adults, families, and populations.

Eli Lilly and Company

I, E, F

<http://www.lilly.com/>

Eli Lilly and Company is the 10th largest pharmaceutical company in the world. We have steadfastly remained independent, but not isolated. Across the globe, Lilly has developed productive alliances and partnerships that advance our capacity to develop innovative medicines at lower costs. Lilly is consistently ranked as one of the best companies in the world to work for, and generations of Lilly employees have sustained a culture that values excellence, integrity, and respect for people.

Elizabeth Glaser Pediatric AIDS Foundation

I, E

<http://www.pedaids.org/>

The Elizabeth Glaser Pediatric AIDS Foundation seeks to prevent pediatric HIV infection and to eradicate pediatric AIDS through research, advocacy, and prevention and treatment programs.

Engender Health

I, E

<http://www.engenderhealth.org/>

EngenderHealth is a leading international reproductive health organization working to improve the quality of health care in the world's poorest communities. EngenderHealth empowers people to make informed choices about contraception, trains health providers to make motherhood safer, promotes gender equity, enhances the quality of HIV and AIDS services, and advocates for positive policy change.

EPOS Health Consultants USA *E*

<http://www.epos-usa.com/>

EPOS Health Consultants USA, based in the Washington, DC area, was established in 2006 as a US-owned subsidiary of EPOS Health Management, a global leader in health consulting and services based in Germany.

Family Health International *I, E, F*

<https://www.fhi360.org/>

Family Health International (FHI) improves lives worldwide through the synergistic strengths of research and programs in public health.

Fogarty International Center/NIH *E*

<http://www.fic.nih.gov/>

The Fogarty International Center is dedicated to advancing the mission of the National Institutes of Health by supporting and facilitating global health research conducted by U.S. and international investigators, building partnerships between health research institutions in the U.S. and abroad, and training the next generation of scientists to address global health needs.

Ford Foundation *E, F*

<http://www.fordfound.org/>

The Ford Foundation is a resource for innovative people and institutions around the world. We were founded to advance human welfare, and all of our work flows from this fundamental commitment.

Foundation for Advancement of International Medical Education and Research *F*

<http://www.faimer.org/>

FAIMER is a non-profit foundation committed to improving world health through education.

Friends of the Global Fight *E*

<http://www.theglobalfight.org/>

Friends of the Global Fight Against AIDS, Tuberculosis and Malaria is an advocacy organization dedicated to sustaining and expanding U.S. support for the Global Fund's life-saving work around the world.

Genzyme Corporation *I, E*

<https://www.sanofigenzyme.com/>

Genzyme is one of the world's leading biotechnology companies and is dedicated to making a major positive impact on the lives of people with serious diseases.

GlaxoSmithKline Biologicals *I, E*

<http://www.gsk.com/>

GlaxoSmithKline Biologicals has a challenging and inspiring mission to improve the quality of human life by enabling people to do more, feel better and live longer. This mission gives us the purpose to develop innovative medicines and products that help millions of people around the world. We are one of the few pharmaceutical companies researching both medicines and vaccines for the World Health Organization's three priority diseases – HIV/AIDS, tuberculosis and malaria, and are very proud to have developed some of the leading global medicines in these fields.

Global Alliance for TB Drug Development *E*

<http://www.tballiance.org/home/home.php>

The Global Alliance for TB Drug Development (TB Alliance) is a not-for-profit, product development partnership accelerating the discovery and development of new tuberculosis (TB) drugs that will shorten treatment, be effective against susceptible and resistant strains, be compatible with antiretroviral therapies for those HIV-TB patients currently on such therapies, and improve treatment of latent infection.

Global Health Action *I*

<http://www.globalhealthaction.org/>

Global Health Action is a 501(c)(3) non-profit international health and development organization headquartered in Metro Atlanta. Our mission is to improve the health of people and communities around the globe through education and training in leadership, management, and health promotion.

Global Health Strategies *E*

<http://ghstrat.com/>

Global Health Strategies (GHS) is an international consulting company that works with clients to ensure development and worldwide delivery of health products, technologies and information.

GlobeMed *I*

<http://www.globemed.org/>

GlobeMed is a network of university students which partner with grassroots organizations around the world to improve the health of the impoverished. Through their involvement today, students commit to a life of leadership in global health and social justice.

Grassroot Soccer *I, E*

<http://www.grassrootsoccer.org/>

Grassroot Soccer provides African youth with the knowledge, life skills, and support to live HIV- free. We continuously improve our innovative HIV prevention and life-skills curriculum, share our program and concept effectively, and utilize the popularity of soccer to increase our impact on health.

Alliance International *E*

<http://www.healthallianceinternational.org/>

Health Alliance International supports the development of equity-oriented policies and public- sector health systems. Our vision is a just world with universal access to quality health care.

Hesperian Foundation *E*

<http://www.hesperian.org/>

The Hesperian Foundation is a non-profit publisher of books and newsletters for community-based health care.

Ibis Reproductive Health *E*

<http://www.ibisreproductivehealth.org/>

Ibis Reproductive Health aims to improve women's reproductive autonomy, choices, and health worldwide. We accomplish our mission by conducting original clinical and social science research, leveraging existing research, producing educational resources, and promoting policies and practices that support sexual and reproductive rights and health.

Infectious Diseases Society of America

E

<http://www.idsociety.org/>

The Infectious Diseases Society of America (IDSA) represents physicians, scientists and other health care professionals who specialize in infectious diseases. IDSA's purpose is to improve the health of individuals, communities, and society by promoting excellence in patient care, education, research, public health, and prevention relating to infectious diseases.

InterAction

I, E

<http://www.interaction.org/>

InterAction is the largest coalition of U.S.-based international nongovernmental organizations (NGOs) focused on the world's poor and most vulnerable people.

International AIDS Vaccine Initiative

E

<http://www.iavi.org/>

International AIDS Vaccine Initiative aims to support in every way the development of preventive AIDS vaccines that are not only safe and effective, but also accessible to all people. To that end, IAVI invests the bulk of its resources in the research and clinical assessment of candidate vaccines against strains of HIV that are prevalent in the developing world, where some 95% of new HIV infections occur.

The International Partnership for Microbicides

E

<http://www.ipmglobal.org/>

IPM is a non-profit product development partnership (PDP) established in 2002 to prevent HIV transmission by accelerating the development and availability of a safe and effective microbicide for use by women in developing countries.

International Planned Parenthood Federation, International Office

I, E

<http://www.ippf.org/>

IPPF is a global service provider and a leading advocate of sexual and reproductive health and rights for all. We are a worldwide movement of national organizations working with and for communities and individuals.

International Planned Parenthood Federation/Western Hemisphere Region, Inc.

I, E

<http://www.ippfwhr.org/>

International Planned Parenthood Federation is a network of 40 sexual and reproductive health organizations across North America, Latin America, and the Caribbean. Our Member Associations provide 19.4 million services each year. These range from sexuality education, contraceptive services, and prenatal care to HIV testing, abortion-related care, and screening for gender-based violence. We also act as advocates for sexual and reproductive rights at the local and international levels. Our clients are women, men, and adolescents from diverse economic, cultural, and geographic backgrounds.

International Relief and Development*I, E*<http://www.ird-dc.org/>

IRD is one of the premier organizations implementing development services and programs across a broad spectrum of regions and technical activities. Our mission is to reduce the suffering of the world's most vulnerable groups and to provide tools and resources needed to increase their self-sufficiency. We accomplish this mission by running targeted, cost-effective development programs that improve the lives of these vulnerable groups. We work in regions of the world that present social, political, and technical challenges, and particularly specialize in helping communities affected by conflict and war to recover and improve.

International Rescue Committee*I, E, F*<http://www.theirc.org/>

International Rescue Committee is a critical global network of first responders, humanitarian relief workers, healthcare providers, educators, community leaders, activists, and volunteers. Working together, we provide access to safety, sanctuary, and sustainable change for millions of people whose lives have been shattered by violence and oppression.

International Women's Health Coalition*E*<http://www.iwhc.org/>

The International Women's Health Coalition is made up of passionate and tenacious professionals who, together with our international Board of visionaries and leaders, work with hundreds of partners worldwide to secure every woman's right to a just and healthy life.

Resurge (Formerly Interplast)*E*<http://www.resurge.org/home/home.cfm>

Resurge provides free reconstructive plastic surgery for the poor in developing countries. We treat children and adults with clefts, disabling burns and hand injuries. Unlike many organizations, Interplast's focus is to train and to empower developing world doctors to perform surgeries on their own for generations to come.

Intrahealth International*I, E*<http://www.intrahealth.org/>

IntraHealth is skilled at listening, analyzing and collaborating with leaders and communities to develop the most effective health care solution for a particular environment. Our unique strength lies in our combined expertise in three key areas of health care: improving policies and systems for a strong workforce, supporting providers to succeed and extending health services to communities.

Ipas*E*<http://www.ipas.org/>

Ipas is a nonprofit organization that works around the world to increase women's ability to exercise their sexual and reproductive rights, and to reduce abortion-related deaths and injuries.

Jhpiego Corporation *E*

<http://www.jhpiego.org/>

Jhpiego (pronounced "ja-pie-go"), is an international non-profit health organization affiliated with Johns Hopkins University. For 35 years, Jhpiego has empowered front-line health workers by designing and implementing effective, low-cost, hands-on solutions to strengthen the delivery of health care services for women and their families. By putting evidence-based health innovations into everyday practice, Jhpiego works to break down barriers to high-quality health care for the world's most vulnerable populations.

Kaiser Family Foundation *I, E*

<http://www.kff.org/>

The Kaiser Family Foundation is a leader in health policy and communications and is a non-profit, private operating foundation focusing on the major health care issues facing the U.S., as well as the U.S. role in global health policy. Unlike grant-making foundations, Kaiser develops and runs its own research and communications programs, sometimes in partnership with other non-profit research organizations or major media companies.

Management Sciences for Health *I, E*

<http://www.msh.org/>

Management Sciences for Health (MSH) is a nonprofit international health organization composed of nearly 1,300 people from more than 60 nations. Our mission is to save lives and improve the health of the world's poorest and most vulnerable people by closing the gap between knowledge and action in public health.

The Manoff Group, Inc. *E*

<http://www.manoffgroup.com/>

The Manoff Group provides assistance in communications and behavior-centered programming to health, family planning, nutrition, environment and HIV/AIDS programs. The firm has been at the forefront of social marketing development since it first applied commercial marketing techniques to social programs in India in 1967. The Manoff Group is a woman-owned small business.

MAP International *E*

<http://www.map.org/>

MAP International is a top 100 non-profit, promotes the total health - physical, economic, social, emotional and spiritual health - of impoverished people in over 115 countries through the: provision of essential medicines, promotion of community health development, and the prevention and mitigation of disease, disaster and other health threats.

McKinsey & Co., Inc. *E*

<http://www.mckinsey.com/>

McKinsey & Company is a global management consulting firm. We are the trusted advisor to the world's leading businesses, governments, and institutions.

MEASURE Evaluation *E*

<http://www.cpc.unc.edu/measure>

MEASURE Evaluation provides technical leadership through collaboration at local, national, and global levels to build the sustainable capacity of individuals and organizations to identify data needs, collect and analyze technically sound data, and use that data for health decision-making.

Medical Care Development, Inc. *E*

<http://www.mcd.org/>

Medical Care Development, Inc. is a not-for-profit organization with members, a Board of Directors, and 600 employees working in Maine and in developing countries.

Merck & Co., Inc. *I, E, F*

<http://www.merck.com/>

Merck & Co., Inc. is a global research-driven pharmaceutical company dedicated to putting patients first. Established in 1891, Merck discovers, develops, manufactures and markets vaccines and medicines to address unmet medical needs. The Company devotes extensive efforts to increase access to medicines through far-reaching programs that not only donate Merck medicines but help deliver them to the people who need them. Merck also publishes unbiased health information as a not-for-profit service.

Mercy Corps International *I, E*

<http://www.mercycorps.org/>

Mercy Corps is a team of 3700 professionals helping turn crisis into opportunity for millions around the world. By trade, we are engineers, financial analysts, drivers, community organizers, project managers, public health experts, administrators, social entrepreneurs and logisticians. In spirit, we are activists, optimists, innovators and proud partners of the people we serve.

National Alliance of State and Territorial AIDS Directors *E*

<http://www.nastad.org/>

The National Alliance of State and Territorial AIDS Directors (NASTAD) represents the nation's chief state health agency staff who have programmatic responsibility for administering HIV/AIDS healthcare, prevention, education, and supportive service programs funded by state and federal governments. NASTAD is dedicated to reducing the incidence of HIV/AIDS infection in the U.S. and its territories, providing comprehensive, compassionate, and high-quality care to all persons living with HIV/AIDS, and ensuring responsible public policies. NASTAD provides national leadership to achieve these goals, and to educate about and advocate for the necessary federal funding to achieve them, as well as to promote communication between state and local health departments and HIV/AIDS care and treatment programs. NASTAD supports and encourages the use of applied scientific knowledge and input from affected communities to guide the development of effective policies and programs.

Natural Doctors International *I, E*

<http://www.ndimed.org/>

Natural Doctors International delivers natural medicine to underserved communities throughout the world and works with local peoples and international agencies to advance natural medicine and fully integrate it into global health care. NDI focuses on primary healthcare delivery, global health education, global health policy, research in natural medicine, and socially responsible volunteerism and service.

Novartis *E*

<http://www.novartis.com/>

Novartis aims to discover, develop and successfully market innovative products to prevent and cure diseases, to ease suffering and to enhance the quality of life.

Open Society Institute Public Health Program*I, E, F*<http://www.soros.org/initiatives/health>

The Public Health Program supports efforts to increase the involvement of marginalized populations in country-level Global Fund processes and programs, monitor Global Fund grant implementation at the country level, and strengthen the civil society delegations that sit on the Global Fund's Board of Directors.

Operation Blessing*E*<http://www.ob.org/>

Operation Blessing International Relief and Development Corporation (OBI) is a nonprofit 501 (c)(3) humanitarian organization based in Virginia Beach, Virginia, USA. Since 1978, Operation Blessing International has touched the lives of more than 209.3 million people in 105 countries and all 50 states, providing goods and services valued at more than \$1.7 billion

Ovarian Cancer Research Fund*E, F*<http://www.ocrf.org/>

The Ovarian Cancer Research Fund's mission is to fund research to find a method of early detection and ultimately a cure for ovarian cancer. In support of our mission, we help patients and their loved ones understand the disease and its treatment, and provide outreach programs to raise public awareness.

Pact*I, E*<http://www.pactworld.org/>

Pact's mission is to help build strong communities globally that provide people with an opportunity to earn a dignified living, raise healthy families, and participate in democratic life. Pact achieves this by strengthening the capacity of grassroots organizations, coalitions and networks and by forging linkages among government, business and the citizen sectors to achieve social, economic and environmental justice.

Pan American Health Organization*I, E*<http://www.paho.org>

The Pan American Health Organization (PAHO) is the specialized international health agency for the Americas. From its Washington, D.C., headquarters, 27 country offices and three specialized centers in the region, PAHO promotes evidenced-based decision-making to improve and promote health as a driver of sustainable development.

Partners in Health*I, E*<http://www.pih.org>

Partners In Health is a 501(c)(3) non-profit corporation based in Boston, Massachusetts, and active in the Caribbean, Latin America, Africa, Russia, and the United States. Our mission is to provide a preferential option for the poor in health care. Through service, training, advocacy, and research, and by establishing long-term relationships with sister organizations, PIH strives to achieve two overarching goals: to bring the benefits of modern medical science to those most in need of them and to serve as an antidote to despair.

PATH *I, E*

<http://www.path.org/>

PATH is an international, nonprofit organization that creates sustainable, culturally relevant solutions, enabling communities worldwide to break longstanding cycles of poor health. By collaborating with diverse public- and private-sector partners, we help provide appropriate health technologies and vital strategies that change the way people think and act. Our work improves global health and well-being.

Pathfinder International *E*

<http://www.pathfind.org/site/PageServer>

Pathfinder International's mission is to ensure that people everywhere have the right and opportunity to live a healthy reproductive life.

Pfizer, Inc. *E*

<http://www.pfizer.com/home/>

Pfizer, Inc. is dedicated to better health and greater access to health care for people and their valued animals. Every day, approximately 81,900 colleagues in more than 150 countries work to discover, develop, manufacture and deliver quality, safe and effective prescription medicines to patients.

Philippine National Red Cross *E*

<http://www.redcross.org.ph/>

The PNRC provides six major services: Blood Services, Disaster Management, Safety Services, Community Health and Nursing, Social Services and the Volunteer Service. All of them embody the fundamental principles of the International Red Cross and Red Crescent Movement – humanity, impartiality, neutrality, independence, voluntary service, unity and universality. These values guide and inspire all Red Cross staff and volunteers, to whom being a Red Crosser is more than just a philosophy but a way of life.

Physicians for Human Rights *I*

<http://physiciansforhumanrights.org/>

PHR mobilizes health professionals to advance health, dignity, and justice and promotes the right to health for all.

Plan International USA *E*

<http://www.planusa.org/>

Plan USA is an organization committed to helping children, their families and communities in 49 developing countries around the world. Established in 1937, we give people and communities in the poorest countries tools to help them effect real change—improving life today and offering children a chance for a better tomorrow.

Planet Aid, Inc. *E*

<http://www.planetaid.org/>

Planet Aid is a non-profit organization dedicated to improving the lives of people in developing countries. Our objectives include development, protecting the environment, and relief aid.

Population Action International*I, E*<http://pai.org/>

Population Action International uses research and advocacy to improve access to family planning and reproductive health care across the world so women and families can prosper and live in balance with the earth. By ensuring couples are able to determine the size of their families, poverty and the depletion of natural resources are reduced, improving the lives of millions across the world.

Population Council*I, E, F*<http://www.popcouncil.org/>

The Population Council, an international, nonprofit, nongovernmental organization, seeks to improve the well-being and reproductive health of current and future generations around the world and to help achieve a humane, equitable, and sustainable balance between people and resources.

Population Reference Bureau*E*<http://www.prb.org/>

The Population Reference Bureau informs people around the world about population, health, and the environment, and empowers them to use that information to advance the well-being of current and future generations.

Population Services International*I, E*<http://www.psi.org/>

PSI is a leading global health organization with programs targeting malaria, child survival, HIV and reproductive health. Working in partnership within the public and private sectors, and harnessing the power of the markets, PSI provides life-saving products, clinical services and behavior change communications that empower the world's most vulnerable populations to lead healthier lives.

Project Concern International*E*<http://www.pciglobal.org/>

Project Concern International is a leading international health organization that saves the lives of children and families around the world by preventing disease and providing access to clean water and nutritious food.

Public Health Foundation of India*E, F*<http://www.phfi.org/>

The Public Health Foundation of India (PHFI) is a response to redress the limited institutional capacity in India for strengthening training, research and policy development in the area of Public Health. It is a public private partnership that was collaboratively evolved through consultations with multiple constituencies.

Realizing Global Health*I, E*<https://www.realizingglobalhealth.com/>

Realizing Global Health assists to ensure quality of health care is provided consistently and efficiently to every patient, every day everywhere. We also work to ensure that our clients effectively manage change and development, and deliver quality scalable and sustainable health results, independent of our assistance in the shortest time possible.

Research!America *I, E, F*

<http://www.researchamerica.org/>

Research!America is the nation's largest not-for-profit public education and advocacy alliance. Since 1989, we have been committed to making research to improve health a higher national priority.

RESULTS Educational Fund *I, E, F*

<http://results.org/>

RESULTS is a nonprofit grassroots advocacy organization committed to creating the political will to end hunger and the worst aspects of poverty. RESULTS is committed to individuals exercising their personal and political power by lobbying elected officials for effective solutions and key policies that affect hunger and poverty.

Results for Development Institute *I, E*

<http://resultsfordevelopment.org/index.php>

The Results for Development Institute (R4D) is a nonprofit organization focused on stimulating new ideas and catalyzing actions that reduce poverty and improve lives in low and middle income countries. We work with development leaders, globally and at country level, to design and test solutions to pressing development challenges.

RTI International *I, F, E*

<http://www.rti.org/>

RTI International is dedicated to improving the human condition by turning knowledge into practice through cutting-edge study and analysis in health and pharmaceuticals, education and training, surveys and statistics, advanced technology, international development, economic and social policy, energy and the environment, and laboratory and chemistry services.

Sabin Vaccine Institute *E*

<http://www.sabin.org/>

The Sabin Vaccine Institute is a non-profit 501c3 organization dedicated to preventing and curing infectious and neglected tropical diseases worldwide, and eliminating the tremendous human suffering they cause
