

ATTENTION FACULTY:

Instead of cancelling your class due to illness or unforeseen circumstances, consider inviting Career Services to present material related to career planning and preparation. We have standard presentations, or with enough notice, we can customize a presentation based on your students' needs.

Also, we are happy to provide a classroom experience (whether or not you need to cancel a class).

- Are there peak times when your students could use some career development assistance?
- Invite us to present a workshop in your department!

We would be happy to meet with you or your department staff to discuss other ways we can partner with you.
