ABOUT THE PORTER PRIZE

The Porter Prize recognizes exemplary performance in health promotion and disease prevention, and is named in honor of Milton and Adrienne Porter.

As CEO of the L.B. Foster Company, Milton Porter (1910-96) was among the first in the nation to bring wellness programs to the workplace: smoking cessation, weight loss, and increased physical activity. The benefits to society of clearly focused, well managed, and fully funded health promotion and disease prevention efforts is the Porters' legacy.

THANK YOU TO THE 2019 PORTER PRIZE COMMITTEE
